Skills Summary

Data Analysis & Reporting: BigQuery, SQL, Excel

Programming: **Python** (Pandas, NumPy, Matplotlib, Seaborn)

Data Visualization: Power BI, Looker Studio, Tableau

Platforms: Google Cloud Platform (BigQuery), Visual Studio Code, Jupyter Notebook

Soft Skills: Communication, Team Collaboration, Adaptability

Project

Unlocking Lending Insights:

- Developed and implemented a plan to help use data effectively in tracking performance and growth.
- Conduct an analysis of the dataset including a preliminary report identifying the total number of loans issued by day and year
- Provided the data needed to better understand the company's cash flow and make informed business decisions.
- Created an interactive dashboard using Looker Studio for easy access to real-time data.

Optimizing Delivery Performance: Designing a Data Pipeline:

- Successfully used SQL and BigQuery to create a simple and flexible data pipeline that meets a business need
- Created a dataset and defined table schemas for data that will be ingested
- Applied the transformations to the data before loading the transformed data into newly defined tables
- Formalized those queries into a stored procedure to include calculated values of interest
- Contributed technical expertise in developing data solutions aimed at improving delivery performance and supporting logistics decision-making.

Certificate

- **Data Analysis using Python (IBM)**
- **Google Cloud Data Analytics (Cloud Skills Boost Google)**
- **Introduction to Data Science in Python (University of Michigan)**

Extracurricular

Ziegers- (Arts and Decor Team Lead)

- Event at SIES College's Ziegers Departmental Fest
- Led a team of 10 members to design and create decor for the college fest.
- Coordinated tasks, provided guidance, and ensured timely and high-quality results through effective teamwork and collaboration.

Video and Photo Editing

- Proficient in editing and producing high-quality videos and images using software like Adobe Premiere Pro, and Adobe Photoshop. Developed and edited content for social media platforms.
